

The First 90-days - SEO Strategy

Objective: Our goal is to increase your search visibility and organic traffic to the site over the next 90 days. A large part of this initial SEO Strategy will be to take care of the foundational SEO tasks that will bring value to the site for many years to come. By targeting the right keywords, maintaining site health, and building authoritative content for the site, we will establish you as a trusted leader in your industry.
